

TEACHERS ARE THE ARCHITECTS OF A NATION AND THE CHILDREN ARE  
ITS FUTURE.

New World Montessori School, since its dawn twenty two years ago, has been constantly in a mode of expansion. This growth has necessitated the school to be always on look out for talented and qualified individuals to join our team of dedicated teachers and assistants to impart and share their knowledge and expertise in different fields with the children.

We are always willing to look at the resumes and interviews of potential teachers and assistants. Our school offers a very conducive environment and a very friendly and cooperative group of parents.

We encourage the willing and able individuals to submit their applications with full details of their qualifications, background, experience and field of special interest. We offer a competitive salary package which includes health insurance, 401-K plan and other incentives.

The school presently consists of one infant room for angels 6 months to 18 months, one toddler room for 18 months to 2-1/2 years, four preschool rooms 2-1/2 to 5 years, one lower elementary and one upper elementary rooms.

We are situated in Palms on west side of Los Angeles not very far from Santa Monica and Venice.
